荷兰鹿特丹大学师生一行访问我院

添加时间：2010年6月17日

近日,应我院熊立华教授邀请,荷兰鹿特丹大学的 Rick Heikoop 博士和荷兰 DHV 公司 Johan Oost 先生带领 8 名荷兰学生访问我院,双方在水管理研究领域的先进技术及学生培养等各方面进行了深入交流。

6月10日晚 Rick Heikoop 博士和 Johan Oost 先生应邀参加了水文与水资源系 2010 届毕业班的师生联谊晚会,通过联谊会双方师生加深了认识 and 了解。6月11日上午, Rick Heikoop 博士和 Johan Oost 先生在水资源与水电工程国家重点实验室为我院师生分别作了关于气候变化及荷兰鹿特丹关于水管理方面的先进技术报告;我院田申同学和荷兰队友一起展示了荣获级别最高的专家奖的世博项目。

Rick Heikoop 博士作报告

Johan Oost 先生作报告

Rick Heikoop 博士长期从事于气候变化对水资源的影响研究和水管理方面的研究工作。Johan Oost 先生曾于 2004 年在我学院进行交流学习,并在我院郭生练教授和熊立华教授指导下完成了他的学士学位论文。

此次荷兰师生对我们学院的访问进一步加深了双方的了解,加强了学院对外的影响。

The teachers and students of Rotterdam visiting our college

17th of June 2010

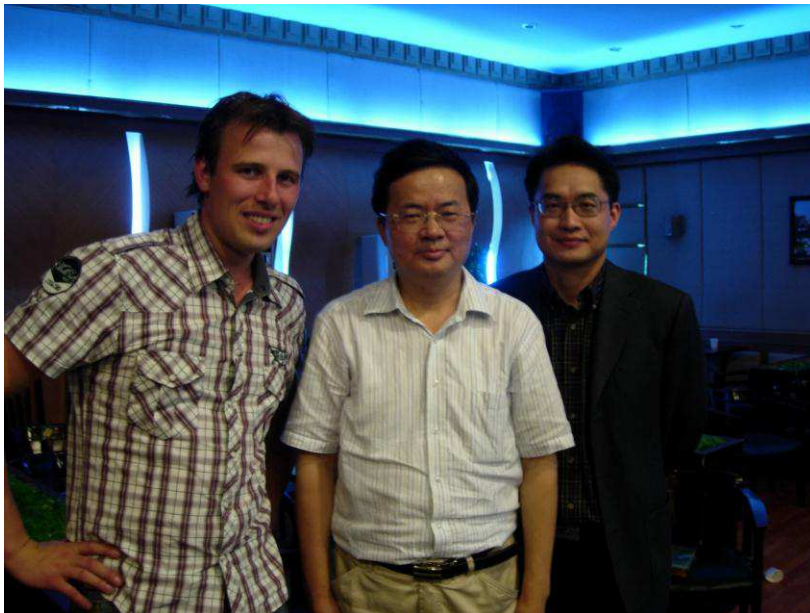

These days Prof Xiong's invites Dr. Rick Heikoop of Rotterdam University of Applied Sciences and Mr. Johan Oost of DHV B.V. and eight Dutch students to visit our college. We had some discussions on the water management and student education.

On the evening of 10th June, Dr. Rick Heikoop and Johan Oost were invited to attend the party with the 2010 graduates of Department of Hydrology and Water Resource. During this party, both sides gain more understanding. On the morning 11th June, Rick Heikoop and Johan Oost respectively gave a lecture on climate change and water management techniques in Rotterdam for the students of State Key Laboratory of Water Resource and Hydropower Engineering. The student Tian Shen of our college and her Dutch student colleagues showed their top prized world Expo project.

Dr. Rick Heikoop was involved with the research on the impact of water resource from climate change, as well as the water management. Mr. Johan Oost has ever finished his internship in our college in 2004, supervised by Prof. Guo and Prof. Xiong.

This visit can enhance our bilateral understanding.
