

MasterClass Global Water Challenges

University of Cape Town

Henk Ovink

Special Envoy for International Water Affairs, Kingdom of The Netherlands
Sherpa to the UN/WB High Level Panel on Water

Henk worked for former USA president Obama to help with the rebuild of New York after the Storm Sandy. Last years, as Special Envoy, Henk traveled around the world, experienced the global water challenges and met water leaders worldwide. Henk wrote a book about his philosophy on 'Rebuild by Design' to tackle the complex and integral water challenge.

You are welcome to join this MasterClass on Water and international challenges and cooperation, with focus on South Africa!

**Location: University of Cape Town (room: Snape TS3A)
