

WETSKILLS LESOTHO: REGISTER NOW!

We are excited to announce the first-ever **Wetskills event in Lesotho!** After the tremendous success of our recent event held in Durban, we are eager to bring this unique water challenge experience to Lesotho, and you're invited!

Wetskills Foundation is a renowned organisation committed to addressing global water challenges through innovation, collaboration, and knowledge exchange. Our events bring together talented young water professionals, students, and experts from various disciplines and countries to work on real-life water cases, enhancing their skills and fostering international cooperation.

During the Wetskills Lesotho event, participants will immerse themselves in the local water challenges faced by the beautiful Kingdom of Lesotho. This twelve-day program will provide a unique opportunity to develop innovative solutions and form connections with like-minded individuals passionate about sustainable water management. As a participant, you will be tasked with tackling a real-life water case, working in multidisciplinary teams under the guidance of experienced coaches and mentors.

Here are some key details about Wetskills Lesotho 2023:

- Date: September 30 to October 12, 2023
- Location: Maseru, Lesotho
- Eligibility: Young water professionals (under 35), students, and experts from diverse backgrounds

Applicants can register via the following link: <https://wetskills.com/wetskills-lesotho-2023-registration/>

Registration **deadline:** 15 July 2023
