

WISA-YWP PARTNERS WITH WETSKILLS!

The Young Water Professionals South Africa (YWPZA) is proud to be formal partners with Wetskills - a two-week 'pressure-cooker' programme for students and young professionals with a passion for water from all over the world. YWPZA has a long history with Wetskills, with many of its members participating in the competition and the organization supporting the hosting of various events. This partnership allows YWPZA to strengthen their youth empowerment activities and continue to engage and grow their community towards an equitable and water secure future for all - powered by the youth!

An MoU between the two organisations was proudly signed by YWPZA's National Lead Anya Eilers and WISA's Dr Lester Goldman and Dan Naidoo, and Wetskills' Johan Oost at the beginning of June.
